

YOUR PRIVACY

A Focus on Confidentiality

The Stay Well Health Center offers health care services to State of New Mexico and participating local public body employees and dependents covered under the State Employee's Risk Management Medical Plan.

Your confidentiality is our top priority. Whether you need urgent care or routine services, federal and state law along with company policy ensures your personal health records remain private with our partner, Cerner.

Stay Well Health Center

A NEW PATIENT EXPERIENCE

**STAY WELL
HEALTH CENTER**

Serving the State of New Mexico and Participating Local Public Body
Employees Covered under the State Employee's Risk Management Medical Plan

in partnership with

OVERVIEW

The State of New Mexico is proud to offer State and participating local public body employees and their dependents covered under the State Employee's Risk Management Medical Plan an on-site health facility, the **Stay Well Health Center**.

When you get sick, you want health care that's convenient and affordable. The new Stay Well Health Center is available to give covered employees and dependents (age 2 & up) prompt, quality care at no cost. This provides the opportunity for patient-centered care in a comfortable and convenient environment.

The Stay Well Health Center focuses on prevention and wellness while providing you and your covered dependents (age 2 & up) quality care at **no cost - no co-pay; no need to meet deductible**.

SERVICES

The **Stay Well Health Center** can be your primary care for all of your health care needs.

A REDEFINED HEALTH CARE EXPERIENCE

The Stay Well Health Center is focused around creating a personal health care experience:

- **No-wait model.** Simply check in and go to a care suite to see a provider minutes after arrival.
- **Patient Confidentiality.** Your confidentiality is our top priority.
- **Patient Portal.** Access health information, schedule appointments, and interact with providers in a secure, online patient portal.
- **Advanced technology that improves care.** State-of-the-art technology maximizes efficiency without sacrificing quality.
