OTHER CONSTRUCTION RELATED TERMS AND CONDITIONS:

Change Orders (CO) by Purchase Order:
The need for any modifications, for additional work or for credit for work not performed, shall be accomplished and approved in advance by the contracting officer of the Using Agency by issuing a Change Order.

The RFQ may be amended by mutual agreement of the Using Agency and the Contractor. Changes in the Work may be accomplished after execution of another Purchase Order without invalidating the original or all previous Purchase Orders. Any material change in the Work or Time requires a Change Order that has been finalized by agreement by the Using Agency and based on final accepted proposal from the Contractor. The only time that a superintendent's labor costs can be added to a Change Order are if there is an resultant time extension involved as supported by the effect to the critical path of the project work. This is based on the assumption that the superintendent is onsite for the project duration.

If the Agencies propose to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the notice, have the option to terminate the Project or to agree to the reduced funding.

Mediation:
Any controversy or claim arising between the parties shall be settled by mediation if the parties cannot reach a mutually agreeable solution. The parties shall endeavor to resolve their disagreement by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the procedures of the New Mexico Public Works Mediation Act (NMSA §13-4C-1 et seq.) except that before any party may select a mediator it must confer in good faith with the other party concerning the selection of a mutually acceptable mediator. Mediation shall proceed in advance of legal or equitable proceedings, which shall be stayed pending mediation for a period of sixty (60) days from the date of notice of mediation session, unless stayed for a longer period by agreement of the parties or court order.

Inspection of Work:

If a Purchase Order is issued for the purchase of services, the following terms shall apply when applicable:

A. Services include services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the Using Agency covering the services under the Purchase Order. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Using Agency or other party to the Purchase Order during the term of performance of the Work and for as long thereafter as required.

C. The Using Agency has the right to inspect and test all services contemplated to the extent practicable at all times and places during the term of the Project. The Using Agency shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.

D. If the Using Agency performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in Purchase Order price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

E. If any part of the services do not conform with the requirements, the Using Agency may require the Contractor to re-perform the services in conformity with the requirements at no increase in Purchase Order amount. When the defects in services cannot be corrected by re-performance, the Using Agency may:
   (1) require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements; and
   (2) reduce the Purchase Order price to reflect the reduced value of the services performed.

F. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements, the Using Agency may:
   (1) by Agreement or otherwise, perform the services and charge to the Contractor any cost incurred by the Using Agency that is directly related to the performance of such service; or
   (2) cancel the Purchase Order for default.
THE PROVISIONS OF THIS ARTICLE ARE NOT EXCLUSIVE AND DO NOT WAIVE THE USING AGENCY’S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR’S DEFAULT/BREACH OF THE PURCHASE ORDER/PRICE AGREEMENT.

Suspension, Delay or Interruption of Work:
The Using Agency may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the Work in whole or in part for such period of time as the Using Agency may determine. The Purchase Order sum and time shall be adjusted for increases in cost and/or time associated with Contractor’s compliance therewith. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized. Any compensation requested for which entitlement is granted and the Purchase Order sum adjusted, shall have profit included (for work completed) and for cost only (not profit) for Contractor costs incurred directly tied to the suspension itself and not otherwise covered by Purchase Order remedy. Any change in Total Compensation must be reflected in another Purchase Order executed.

Time Extension Costs:
Agreed Compensation for Overhead “General Conditions” for Changes to Time for Completion or Contract Completion Date for Changes to the Work: If the change in the Work also changes the Time for Completion or the Agreement Completion Date by adding days to complete the Work, an itemized accounting of the following General Conditions costs for direct Site overhead set forth in the subparagraph below may be considered as allowable costs for compensation. Home office overhead and other indirect overhead expenses are to be considered included in the allowable markups and not added into the General Conditions expenses.

Direct Site Overhead Expenses:
The Contractor’s per diem expenses, as shown by the itemized accounting, for the following allowable, applicable, direct Site overhead expenses: The site superintendent's pro-rata salary, temporary site office trailer, temporary fencing, utility costs, security, temporary storage and temporary site utilities including basic telephone service, electricity, heat, water, and sanitary / toilet facilities, etc. for each day added.

If at any time there is a delay in the critical path of the Work due to postponement, due to the Contractor's efforts to justify an extension of the time or an increase in the Agreement Price beyond the deadlines or due to the Contractor’s refusal to proceed with any of the approved Work, such delay and any Contractor costs resulting from it shall not serve as the basis for the extension of the Time for Completion or Agreement Completion Date or for an increase in the Price.

Clean Up and Storage:
A. The Contractor will provide off-site legal disposal of all waste products, trash, and debris. Using Agency’s trash receptacles will not be used by the Contractor. Sanitary facilities will “not” be available at the job site. Contractor shall be responsible for the provision and maintenance of portable toilets.
B. The Contractor on a daily basis shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Work, the Contractor shall remove from and about the Project waste materials, rubbish, the Contractor's tools, construction equipment, machinery and surplus materials and shall then thoroughly clean the premises and the site to the Using Agency's satisfaction.
C. Materials or equipment shall be delivered to the project in the manufacturer’s original sealed, labeled containers and shall be adequately protected against moisture, dust, tampering or damage from improper handling or storage. Materials shall not be delivered to the site before they are needed.
D. Storage of materials and construction equipment shall be coordinated with the Using Agency.

Permits and Fees:
A. IF APPLICABLE- The Contractor shall secure and pay for the Building Permit and other permits and governmental fees, licenses and inspections and Certificate of Occupancy necessary for proper execution and completion of the Work. Changes or modifications to the Work shall include all requirements of this paragraph.
B. The Contractor shall comply with and give notices required by laws, ordinances, rules, regulations and lawful orders of public authorities applicable to performance of the Work.
C. IF APPLICABLE- Certificates of Inspection, use and occupancy will be delivered to the Using Agency upon completion of the Work in sufficient time for occupation of the facility in accordance with the approved schedule for the Work. Contractor shall deliver a photocopy of the Building Permit to the Design Professional and Using Agency as soon as it is obtained.
Schedule, Progress Meetings and Reports:
A. The Contractor, promptly after being awarded a Project and before the first payment application, shall prepare and submit for the Using Agency’s information a Critical Path Construction Schedule for the Work that indicates the intended start and completion of the various construction activities, which shall be implemented and adhered to by the Contractor, Subcontractors, material suppliers and equipment suppliers. At a minimum, the schedule shall be a GANTT type schedule and shall not exceed time limits allowed by the RFQ or Notice to Proceed with no fewer work breakdown events than line items of the Schedule of Values.

B. The Contractor shall perform the Work in general accordance with the most recent schedule submitted to the Using Agency.

C. Progress meetings shall be scheduled on a regular basis. The purpose will be to review the upcoming activities, any open issues and current progress. The Contractor shall keep any meeting minutes as needed. Progress schedules shall be updated regularly. A three week look-ahead schedule should be presented at every project meeting. A new schedule shall be presented with any change orders.

D. The Contractor shall prepare a Daily Report each day that Contractor, Subcontractors or any other entity are on the Project. The Daily Reports shall be maintained at the site and be well organized. The Using Agency may request copies at any time. The reports may include:
1. report date and who prepared the report;

The punch list of incomplete or inadequate work shall also be submitted when the work is substantially complete. Failure to include any item on the punch list does not alter the responsibility of the Contractor to complete all work in accordance with the Contract Documents.

Before final completion can be achieved, all Work must be complete and accepted including the following as applicable:
a. Work associated with Punch List(s);
b. testing, balance or performance operations complete and in agreement that associated work is in compliance with the Contract Documents;

The Contractor shall warrant its work, for materials and for workmanship furnished and performed under this Price Agreement for a period of one (1) year minimum from the date of acceptance or Substantial Completion. The Contractor shall warrant its work for repairs or restoration of existing systems, appliances and work for ninety (90) days from the date of acceptance or Substantial Completion. It is understood that some equipment is far beyond its normal life and a warranty cannot be extended/supplied. Plants shall have a 90 day warranty.

Payment Provisions:
Generally payments are made on a thirty (30) day billing cycle. Payment for projects of less than thirty (30) day duration shall be paid upon the Using Agency’s acceptance of the work.

All payments under this Agreement are subject to the following provisions:

A. Acceptance - In accordance with Section 13-1-158 NMSA 1978, the Agency shall determine if the Construction Work provided meets specifications. No payment shall be made for any work until the Work has been accepted in writing by the Using Agency. Unless otherwise agreed upon between the Using Agency and the Contractor, within fifteen (15) days from the date the Using Agency receives written notice from the Contractor that payment is requested for work, the Using Agency shall issue a written certification of complete or partial acceptance or rejection of the Work. Unless the Using Agency gives notice of rejection within the specified time period, the Work will be deemed to have been accepted.

B. Payment of Invoice - Upon acceptance that the Work has been received and accepted, payment shall be tendered to the Contractor within twenty one (21) days after the date of acceptance of an undisputed invoice.

C. The Contractor, before final payment of the amount due under this Agreement, shall provide requested Close-out documents including any release of liens.

BID INFORMATION:
Hourly rates are requested for the two (2) levels of personnel. All items for pricing must be filled in for the zones they are willing to provide services to. If one of the personnel listed is not relevant to your company, fill in a rate for a comparable employee that is on staff or could be on staff at a future time. For example, if the Superintendent also functions as the Journeymen or Experienced worker or vice versa, enter his rate for both items. Any blank items will cause rejection of the bid for non-responsiveness.

Superintendent/Foreman: a person with supervisory experience who maintains control of the work and work site. This person may or may not actually perform work on the project. This labor rate may also be used for electricians and other skilled labor.

Laborer: a person with experience performing general forms of labor.

Materials and Parts:
Contractor shall submit billings, based on actual Contractor costs for materials, less any applicable percentage for discounts. If there is no discount to be offered, enter zero. Contractor shall provide verification that materials purchased were used for the project. Any unused, billed for materials shall be turned over to the Using Agency for which the work was provided. Delivery fees for rock/dirt and other materials are allowable.

The State of New Mexico requires that all materials shall be new and of the highest quality and at the best attainable price available for the type of work being performed.

No used materials shall be used on the project. Recycled materials specifically prepared for reuse to meet “LEED” certification will be permitted.

Equipment:
Vehicles, trailers, common tools and small equipment such as bobcats, post-hole diggers, etc. are included in the general cost of doing landscaping projects. Only larger equipment costs may be quoted for the project.

Mileage and Per Diem: The work to be performed may be throughout the state based on the Zones. Contractors will be allowed travel time and mileage one way from vendor’s place of business to jobsite in excess of fifty (50) miles. Mileage will be based on mapquest.com. The full round trip mileage will be calculated and then 100 miles will be subtracted in order to compute the allowable daily trip mileage for each project.
